

The authors of the article entitled "Beginning and end of treatment of patients who dropped out of psychoanalytic psychotherapy" (Simone Isabel Jung, Fernanda Barcellos Serralta, Maria Lucia Tiellet Nunes, Cláudio Laks Eizirik) identified an error in the version published. On page 187, first column, end of the third new paragraph, "was presented only by P2 and P6" should read "was presented only by P2 and P3."
